THS Teachers are committed to knowing their students:

- Compared to other schools, teachers at THS pay a crazy amount of attention to the individual. It's not because of their salaries that they spend hours trying to teach, form, and help you figure out how to be the person you want. It can get to be too much sometimes, but it really is a gift (junior student).
- The teachers here will end up teaching you more than you expect. They have taught me how to be a better leader, student, and friend (senior student).

THS students are committed to FAMILY (Senior Quotes):

- We are a **family**. Everyone has your back.
- It's a **family**, not just a school.
- THS community is very welcoming and like a **family**.
- THS focuses on God more than any other school in the Diocese. It's more than just a school, it's a **family**.
- You are surrounded by a **family** that wants the best for you.
- The Highlands is a **family**, a **family** who will love you no matter what you do, despite all of your mistakes and ugly days.
- **I am proud to say that I attended The Highlands, and I am proud to call everyone here my family.**
