## Highlands Athletic and Co-curricular Activity Policy:

### Returning from Away Contests

#### **On a “school night” Sunday through Thursday, or any day followed by classes.**

The purpose for the transportation policy below is to save money for the parents, given gas prices and to ensure quality study time for our students on a school night.

In some cases it is easier, cheaper, and much more practical to provide transportation for a student athlete directly home by the parent after an away game or an away co-curricular event, especially if the game or event is located close to the residence of the student athlete, thus saving time and money.

The following represents our policy for students from The Highlands School returning to school after an event away from campus in which Highlands students are participants.

1. Parents desiring to transport their student after an event are required to communicate their intention via email to the coach and/or AD **prior to the day of the event.**
2. Parents may authorize another parent to transport their student via email communications to the coach and/or AD **prior to the day of the event.**
3. Only parents, or legal guardians, are allowed to transport students after THS sanctioned events (e.g. No siblings, friends, or students driving themselves).
4. Parents desiring to transport their student will be required to sign and have on file a liability release with the school.
5. As a general rule, students will return with the team.
6. The athletic office in conjunction with the coach of the sport will create a list for the coaches designating those students authorized to return with their parents for a given event so that coaches are not in doubt at the time of the event.
